

# ***Cosmetic Acupuncture***

*Creating new life with acupuncture*

The earliest record of cosmetic acupuncture dates back to 259 AD in the Canon of Acupuncture and

Moxibustion (针灸甲乙经). Recently, it has become increasingly popular due to the public endorsement of this ancient cosmetic art by celebrities such as Madonna and Angelina Jolie.

If you prefer to age naturally, gracefully, and beautifully, then cosmetic acupuncture is an effective, holistic, economical, and safe alternative to cosmetic surgery and Botox.

Cosmetic acupuncture may reduce wrinkles, frown lines, laughter lines, drooping eyelids, crow's feet, eye bags and dark circles, age spots, rosacea, and other skin imperfections. Additionally, it often improves mood, energy, digestion, and sleep.

Depending on your age, skin condition, and lifestyle, our cosmetic acupuncture program typically includes 10 weekly sessions, followed by monthly ones. However, you may observe subtle but noticeable amelioration after 4 sessions.

For current patients of Sinocare, a cosmetic acupuncture module can be added on for a nominal fee.

## ***Clinique Sinocare Inc.***

Led by the renowned acupuncturist Anna Zhang (“Un membre important de la dream team de Céline Dion”), Le Journal de Montreal, 01/06/2010; “More than one perk to pinpricks” The Gazette, 19/03/2005), Sinocare has been providing cosmetic acupuncture since 2000.
